

GERMANS CONSIDER BELGIUM ANNEXED

Discussion in Reichstag Reveals Policy, Country Called Semi-sovereign State.

Report Flemish Leaders Consider Return of Old Regime Undesirable at This Time.

[By Associated Press Leased Wire.] Amsterdam, May 4, via London.—A Berlin dispatch says that during a discussion of the Belgian question in the Reichstag, the speaker of the progressive party declared that the annexation of Belgium must be regarded as an accomplished fact and discussion concerning it was undesirable. He declared that the existence of Belgium as a semi-sovereign state would mean a lasting war menace and that complete restoration of pre-war conditions would involve serious danger.

A center speaker said that the leaders of the Flemish people consider it would be dangerous for Belgium to come under the old dynasty. A conservative deputy considered that the whole question was whether the coast of Flanders was to come under German or English influence.

The minister of the interior paid a tribute to the work of General von Blasing, late governor-general of Belgium, which he said would be continued energetically, the administration being conducted in close touch with the council of Flanders and making good progress. A joint res-

GERMANS HAVE FOOD ENOUGH FOR TWO YEARS

[By Associated Press Leased Wire.] New York, May 4.—Herbert Hoover, chairman of the American commission for relief in Belgium, before leaving for Washington to make his report on food conditions in Belgium, declared there was only one chance of the German people or the army-starving and that was a bad crop. He said the Germans were consuming food on a strictly scientific basis, but that even if they were to live on a much more liberal scale than at present they would have enough food for at least two years. For a year or more, he added, they had been keeping only the surplus of the crop, keeping the balance of the herd intact.

RUSSIAN COMMISSION IS COMING TO AMERICA

[By Associated Press Leased Wire.] Petrograd, Thursday, May 3, 8 p. m.—via London, May 4, 12:55 p. m.—A commission representing the Russian provisional government will leave in the near future for America to confer with American government officials concerning the industrial, economic and financial relations of the two countries. Information to this effect was obtained by The Associated Press from a high official source.

The personnel of the commission has already been decided upon but the names of the commissioners are not available for publication. They will be vested with the fullest powers, similar to those of the French and British commissions.

YOUR NEW AUTOMOBILE

How to Keep Its Fine Body Surfaces Like New

Depreciation in automobile values is more a matter of appearance than of mechanical wear and tear. Why people pay so little attention to the care of the body surfaces is hard to understand. Most cars look a year old after two or three months under ordinary treatment.

It is a very simple matter to keep the auto body practically like new for several seasons—simply by cleaning and polishing in the right way. Tobby Polish, the old secret shop formula of The Tobby Furniture Company (Chicago & New York), is a perfect preparation for auto body requirements. It is recommended and exclusively used by many leading dealers and makers.

It cleans off all dirt and grease, easily and quickly, without hard rubbing; does not gum; wipes off dry; does not catch the dust. Does not coat over the surface—simply maintains and beautifies the original finish. Your own dealer will supply you. Quarts, \$1; bottles, 50c and 25c. This trademark appears on every package:

NEW YORK WILL TAKE BILLION OF WAR LOAN

[By Associated Press Leased Wire.] New York, May 4.—Organization work was continued today in the financial district to insure the success of the initial issue of the "liberty loan" of \$2,000,000,000. It is expected that the New York federal reserve district will subscribe at least \$1,000,000,000. The real movement of the loan will not be begun until the organization work has been completed and details have been announced by Secretary McAdoo, who had arranged to confer here today with federal reserve bank officials and bankers.

FREE HATCHING EGGS GIVEN IN PENNSYLVANIA

[By Associated Press Leased Wire.] Harrisburg, Pa., May 4.—Twenty-five thousand dollars' worth of hatching eggs will be distributed free by Pennsylvania poultrymen to persons not now raising or who cannot afford to raise poultry, but who will agree to hatch the eggs.

BURLINGTON SWITCH TENDERS OUT AT QUINCY

The Burlington railroad is having a slight misunderstanding at present with the switch tenders in the Quincy yards. It was said yesterday that the Quincy tenders recently asked Division Superintendent Worden for an increase in pay. Mr. Worden placed his O. K. on the request and it was referred to higher officials.

Within the course of a week's time, the request was granted and meantime the men had become impatient over the delay and had left their jobs. The matter is not a case of a strike as the switch tenders at Quincy are unorganized and it is understood they quit their jobs.

WOMEN NEEDED IN FOOD WORK

Have as Important a Part In
Anti-famine Farm Campaign
of Nation as the Men.

NEED OF GIRLS ON FARMS

Women are needed in the anti-famine campaign as much as men, according to the housewives who are at their stoves to provide for the menfolk.

Mrs. Pritchard Stewart of Plainfield sends in an "S. O. S." to The Beacon-News for a woman to do housework on the farm.

"We women on the farm don't know what we are going to do unless this problem of woman help on the farm is also solved," she said. "It is impossible for our husbands to get men to help unless we women can get help as well. We already have two families on our place and we can use another man to very good advantage if we can get a woman to help me with the work. We might be able to use a man and his wife but would rather have it the other way. If you can hear of a woman who wants a place on the farm in a house with all modern conveniences, please let me know about her."

Want Man at Loveland.

The Beacon-News free recruiting farm bureau has received another call for a man on the farm. E. J. Spangler of Loveland is anxious to employ a good man. He would like to have any applicant come to see him at Loveland or call him on the telephone, 2310-R, Chicago phone. He would like a young man from 16 to 20 years of age.

The Beacon-News would be glad to be of service to any farmer needing help or to any one wanting a place on a farm. The service will be free to both sides.

BAKERS CALL MEETING

Aurora bakers are to hold a meeting tonight at which time it will be decided just what is to be done regarding the prices of the loaves. One baker said this afternoon that the bakers have been in conference all week over the problem and it is thought that most of them will raise the price or cut the size of the loaves.

It seems almost certain, one baker said today, that the small loaf will be discontinued and only the large size loaf baked in the future. It may be that some of the bakers will also discontinue making the graham and whole wheat bread and in the future just bake white bread.

To sail for England—Donald Adams, son of J. R. Adams, 16 May street, will sail tomorrow from a port somewhere in the United States for England where he will do Y. M. C. WARMLY PRAISES MEDICINE

Alton, Ill., May 4.—"Every time I breathed it felt like a knife was running through my back and the aches and pains that I suffered in my sides were unbearable at times; but now they have left me and I feel better than I have for years since taking Tanlac," Mrs. Charlotte Emerick, wife of a well known employe of the Federal Lead Co., who lives at 223 Hamilton street, this city, said on April 10.

"I was actually in such a condition that I could hardly do any work," Mrs. Emerick continued. "I had no appetite and felt tired, weak and worn out all the time. I was very restless and couldn't sleep at night and would get up in the mornings feeling as tired as when I went to bed. I couldn't lay on my back at night owing to the pains."

"I read in the newspapers about Tanlac's good work and finally decided to try the new medicine. Well sir, the severe pains have completely left my back and sides. I just want to eat all the time, now, it seems and sleep—well, I guess I'm making up for the time I've lost during these last few years. I can work the entire day without feeling tired and worn out at night."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, loss of appetite, nervousness, catarrhal complaints and the like.

Tanlac is being introduced and explained in Aurora at the Public drug store, New York and Broadway, and in Geneva at Johnson's drug store.

MOTHERS URGED TO SEE BABY WELFARE EXHIBIT

All mothers who are interested in the care of babies are urged to attend the baby welfare exhibit at 27 North Broadway. Any mother or person interested in helping babies who calls at the exhibit rooms will be supplied free of charge with all kinds of literature giving splendid information in regard to the prevention of contagious diseases and the care of babies especially during the summer months. The first of the exhibit is worth a great deal. This literature can be obtained in any language desired. The exhibit will continue tomorrow and Sunday from 10 o'clock in the morning until 3 o'clock in the evening.

Social Chatter

Lonely McDole of New York street, former football player with the Aurora East High team, either sprained or broke an ankle last evening while slipping from an automobile near the J. M. C. A. building. An X-ray picture has been taken.

Miss Lucy Kent of 11th street entertained the N. B. Card club last evening at a patriotic party. Everything was carried out in red, white and blue. High scores at cards were made by Miss Margaret Lee, Miss Margaret Wagner and Miss Elizabeth Stelman. The next meeting will be held with Miss Mayme Linster of 10th street.

George H. Kitting of Chicago is visiting his parents in this city.

Albert M. Bransel, president of the Utah stock and mining exchange of Salt Lake City, has been visiting his sister, Mrs. Nellie Stevens of Spruce street. He left yesterday for New York city to attend a meeting of stock exchange operators, stopping in Aurora upon his return.

The M. Y. O. B. held a school of instruction yesterday at the home of Mrs. J. J. Stewart. All members were present. A pleasant afternoon was spent in honor of Mrs. C. E. Kington, guest and teacher. Luncheon was served. The next meeting will be held with Mrs. Joslyn.

Mrs. Barbara Welland gave a granite shower last evening in honor of Miss May Bennett who is to be married to Harry Komre, son of former Alderman Komre, May 16. There was a mock wedding and games and later luncheon was served.

Everett Baker of 215 South Fourth street entertained the Boy Scouts of the First Methodist church last evening. The regular meeting was held. Supper was served, with the menu and favors carried out in the patriotic colors.

TWO CITY OFFICES WILL BE COMBINED

Building and Oil Inspector Jobs
to Be Made One With
Salary.

New Office Also Taken by Same Man.
Title of Furnace Inspector
Pay \$1,200.

At a special meeting of the city council tonight an ordinance will be presented combining the offices of building inspector and oil inspector with a new office to be created, that of furnace inspector. The latter is a new department. All hot air furnaces must be inspected by the city.

Salary But No Fees.

Under the ordinance the inspector will be paid an annual salary of \$1,200 a year and will receive no fees. The fees paid for oil, building and furnace inspections will be paid into the city treasury and the inspector will be paid a straight salary. Under the present ordinance the building and oil inspector receive all of the fees. The later office has been paying about \$2,000 a year in fees, city officials said today.

The furnace inspector will pass on all hot air ducts when they are placed in residences. The ordinance, which was being completed today by Alderman H. O. Kresmer, chairman of the committee on license, printing and ordinances, will specify the kinds of ducts, or pipes, to be used.

LAFAYETTE RELICS GIVEN U. S. BY GREAT GRANDSON

[By Associated Press Leased Wire.]
Paris, May 4.—Captain Bureau de Puys, a great grandson of the Marquis Lafayette, has sent to the United States Ambassador Sharp a number of souvenirs of the war of independence. They are to be given to the American committee which has purchased Lafayette's birthplace and were received by Captain de Puys from his uncle, Senator Edmond de Lafayette, the last direct descendant of the famous general.

The souvenirs include a set of pistols given to General Lafayette by Washington after the surrender of Yorktown.

MEYERS-MASCHOFF

One of the prettiest of the church weddings of the season took place last evening at St. Paul's German Lutheran church when Miss Rose Maschoff, daughter of Prof. Henry Maschoff, of St. Paul's school, was united in marriage to Irving C. Meyers. The ceremony was performed at 7:30 o'clock by the Rev. A. M. Loth in the presence of a large number of relatives and friends. The ring service was used. The church was beautifully decorated with palms and amylas.

The bride wore a gown of white net and silk lace over white satin. Her veil of tulle was caught with pearls and she carried a shower bouquet of white roses and lilies of the valley. Her maid of honor, Miss Margaret Schwartz of Chicago wore a yellow messaline with georgette crepe with a hat of yellow. She carried a basket of yellow roses. The bridesmaids, Miss Ella Maschoff, a sister of the bride, Miss Lydia Kreutz of Chicago and Miss Frieda Mauthe, also of Chicago, were all gowned in pink messaline with georgette crepe and carried baskets of pink roses.

The ushers were S. M. Hornum, William Schwartz and John Corrigan, all relatives of the bride from Chicago. Professor Maschoff played before and after the ceremony and the church choir sang. Later a reception was held at the home of the bride's parents, 370 Second avenue. A wedding dinner was served. The room was prettily decorated in pink and white with quantities of amylas. The bride and groom left this afternoon on a short trip and upon their return will reside with the bride's parents. They received many very handsome gifts. The groom is employed at the German-American National bank.

SWEDEN FEARS U. S. EMBARGO ON FOOD

Stockholm, May 4.—Herman Lagercrantz, former Swedish minister to Washington, left Stockholm tonight for the United States as special envoy. His appointment is the consequence of the fear in Sweden that the United States may place an embargo on exports to this country.

INSISTS ORTMAN STARTED NO FIGHT

Attorney Shearer Claims Alien
Arrested for Stabbing Declared
Loyal to America.

United States district attorney, Charles F. Clyne, has promised Attorney Fred Shearer that he will have the charge against Henry Ortmann (Heinrich Ortmann) investigated further before Ortmann is interned. Ortmann was taken from the Aurora jail to the Du Page county jail at Wheaton yesterday afternoon upon a federal warrant after a president's warrant had been issued for his arrest. He was taken here Monday night after stabbing Michael Kaylor, a militiaman, who told him he had better "quit shouting for the Kaiser."

The United States warrant charges Ortmann with being an enemy alien and with making treasonous utterances against the United States government. Under the law, Attorney Shearer said, Ortmann can be interned without a hearing.

"I have been retained by Ortmann's employer, H. Okpal, and have investigated the case," Attorney Shearer said today. "Employees of the saloon where the stabbing took place told me Ortmann was not to blame. They say that Kaylor and his companions started the argument and that Ortmann said he was an American because he was getting his bread and butter here. The bartender told the men that was an argument and was not allowed in the place and Ortmann went out. Kaylor and his friends followed him out and the bartender went for a policeman. When he came back Ortmann was getting up off the floor. Mr. Clyne has been of the opinion that the man stabbed by Ortmann was in uniform and that he was a regular army recruiting officer."

Kaylor and other witnesses in sworn statements told a secret service man that Ortmann was yelling, "Hurrah for the Kaiser, to — with the United States!"

Society

The principal outdoor sport, like-wise indoor, this week is giving and being asked to give. The Aurora hospital campaign opened this morning—and Friday at that.

It is no easy thing to do—to enroll upon a financial campaign committee and the women who are working upon this campaign for the Aurora hospital, with the idea of raising the amount in seven days, are not doing this because they enjoy asking other people for money, but because they consider the First Baptist church also started upon a campaign among its members for the purpose of raising \$3,000 with which to equip the basement for use as a sort of Boy Scout meeting place and social center.

The Aurora Red Cross is about to embark upon an enterprise for the purpose of raising money for the work which will be so greatly needed. The report in the past from similar campaign committees has been to the effect that the working people will again, for it is after all, the working people who understand. "It must be a great bore to go down town to an office every day if a man thought he should like to go because I know it isn't necessary for me to do it."

Does that man know the very heart of things in this world? He doesn't and he never can because the good Lord does things that way—he gives an understanding heart and an ability to enjoy to the man and woman who must work and save and contrive for above that which is true of the human being who has more money than he needs. In all probability the wealthy and generous people of the city (and there are many of them) will rise to this hospital emergency and make up the deficit in case some of the working people, possibly find it impossible to give. At any rate, the soliciting committee is working because it seems right to do it and should be most courteously received.

Home from Florida.

Mrs. Keller last week, John Allen and daughter, Blanche Alice, with Mrs. Lee's mother, Mrs. Alice Gray and sister, Miss Gray, have returned from a delightful winter's stay at Daytona Beach, Fla. There were all the southern winter pleasures, the beach life with surf bathing and many boat and automobile trips, all returning in excellent health.

To Be Added to List.

Those upon the patron and patroness committee for the Red Cross

entertainment to be given soon, are Mesdames F. J. Knight, F. T. Bell, J. H. Bliss, John T. Mason, Herman A. Bronnoka, Harry Alshuler and Margaret R. Miller.

West High Parent-Teacher Club. A novelty in Parent-Teacher club entertaining is the meeting to be held this evening by the West High club in West High auditorium, for the meeting is in charge of the men. A good attendance of all interested in the club and in the high school is urged as the matter of military training in the school will be taken up.

First Baptist Meeting. The regular meeting of the Women's society of the First Baptist church was held yesterday at the home of Mrs. H. H. Dixon, 440 Garfield avenue. There was a good program, including the study of the book "Old Spain in New America."

Mrs. M. S. Rice and Mrs. Albert Davis were in charge of the program. At the business meeting the society voted to give one-fourth of the \$3,000 which is to be raised in the First church.

It is interesting to know that the Dixons have purchased this property and have already begun to set the seal of ownership upon the same in the form of a new garage, the pasturing upon the site and demonstrating that he is quite able to manipulate a hammer literally as well as orally.

Horton Avenue Parent-Teacher Club. Officers for the coming year were nominated at the regular meeting of the Parent-Teacher club of the Horton avenue school yesterday afternoon. The following were named: President, Mrs. C. W. Geyer; vice president, Mrs. J. Wysocki; secretary, Mrs. P. E. Jones.

Mrs. Wysocki was chosen to represent the club at the state meeting of parent-teachers' clubs in Bloomington.

An interesting program was given during the afternoon. There were groups of songs by room 4 and an interesting paper by Mrs. Ida Sawyer Allen.

For Miss Slaker.

Miss May L. Shaw entertained a few friends informally at her home last evening for Miss Grace Slaker of Prescott, who is visiting her grandmother, Mrs. Val Slaker, of Walnut street. Games were played after which the hostess served a dainty luncheon in the dining room. The decorations were carried out in blue and white, blue birds being used in the appointments. Among the out of town guests were H. Samuel Wadsworth of Chicago and Albert N. Carpenter of River Forest.

Business Meeting.

The monthly business meeting of the Galena Boulevard Methodist church was held Tuesday evening at the home of Miss Lucy and F. L. Yale in West Park avenue. A nominating committee was appointed to elect officers for the coming year. The officers will be elected Tuesday evening, May 8, at a meeting in the church parlors. During the evening refreshments were served.

Annual May Breakfast.

The Epworth league of the Galena Boulevard Methodist church will have their annual May breakfast May 12 in the church parlors. They will serve breakfast from 8:30 until 9 o'clock. In an attempt to solve the problem of securing potatoes for the breakfast, each member of the league is asked to bring one or more potatoes to the league meeting Sunday evening.

For Mrs. Allaben.

Mrs. Joy Knight entertained the members of the former Modern Pricella club at her home yesterday afternoon in honor of Mrs. Max Allaben (Flora Solisburg), who is visiting in Aurora. The guests spent the afternoon with needlework and later Mrs. Knight served delicious refreshments.

Fiftieth Birthday.

Thirty friends surprised Mrs. Fred

Patterson Tuesday afternoon in honor of her fiftieth birthday. Cards were played with honors going to Mrs. K. Fichtel, Mrs. J. Weyder, Mrs. P. Leser and Mrs. P. Felton. Luncheon was served later. In behalf of the guests present Mrs. Uveling presented Mrs. Patterson a clock.

Clarin Street Baptist Meeting.

The Missionary society of the Clarin Street Baptist church met with Mrs. Berton Fredres in Clarin street yesterday afternoon. Musical numbers were given by Mrs. Claude Stevens, Miss Blanche Hunt, Miss Eva Bode, Miss Thelma Riddle and Mrs. Berton Fredres. Mrs. A. M. Burgett had charge of the study, "Old Spain in New America." Miss Bessie Williford, city missionary, was present and gave an interesting talk. Refreshments were served and a social hour enjoyed later.

Methodist Ministers Meet.

A meeting of the ministers in the Aurora district of the Rock River conference was held today at the Fourth Street Methodist church in charge of Bishop Nicholson. A luncheon was served by the Ladies' Aid society at the home of Mrs. J. C. Long.

The Double 8 Club.

The Double 8 club held the last of series of successful winter parties at the home of Mr. and Mrs. L. A. Stoll in South Fourth street, last night. Honors at cards went to Mrs. Lillian McCullough and James Corbin.

The Galena Boulevard women.

The Galena boulevard women held a meeting yesterday with Mesdames Horace Bell, Shaw, Condon and Golden at the home of Mrs. Bell in Oak avenue. There was some very good instrumental music, among other numbers being a concert solo given by Mrs. Fred Brown. Two readings were given by little Marion Leaf.

The English Lutheran Church.

The women of the English Lutheran church went over to the home of Mrs. M. F. Farnham in North Root street and came home again. At least it is reported that nothing was done.

Bethel Church Women Meet.

Mrs. D. Hippe celebrated her seventy-first birthday yesterday at the home of her son, Albert Hippe, in Galena boulevard by entertaining the Ladies' Aid society of Bethel Methodist church of which she is a member. It was voted at the business meeting held during the afternoon to pay for the electric fixtures being installed in the parsonage, each member to give a cent toward of time, strength, fuel, materials (temper and nerve) force necessary in case a food sale or entertainment is given to raise the money.

Coffee, cake, ice cream and wafers were served. Mrs. Hippe was given a handsome bouquet of flowers.

In the afternoon Mrs. Hippe was the guest of honor at a little party given by her children and grandchildren living in Aurora. She was the recipient of many gifts and birthday cards.

House and Garden Club.

The House and Garden club held one of its interesting meetings yesterday at the home of Mrs. E. C. Pratt. It was voted to take up the knitting of socks and sweaters, so needed by the recruits who are being sent constantly to the Great Lakes Training station, and to have a consultation with the central office in Chicago at once with the idea of securing instruction and materials. There was the usual cooking lesson, while there was much discussion of the rumored presence in Aurora of representatives of the Barbary come with a determination to protest against the same. At the next meeting to be held with Mrs. A. M. Switzer, Mrs. Charles H. Talbot, president of the Eleventh District Federation of Women's clubs will be present.

By the way, what has become of that House and Garden committee

which has been working to have the steps of street cars lowered? Has this committee ever reported concerning the answer of Manager B. C. Faber? A man versed in technical matters has made the statement that it can be done. Why isn't it done?

Catholic Ladies' Aid Meeting.

The Catholic Ladies' Aid society was entertained yesterday in K. C. hall by Mesdames James Mahar, J. J. Coleman, W. S. Sheffer and T. Brennan. After the business meeting there were cards, the scores going to Mrs. S. Richardson, Mrs. J. P. Kinnally and Mrs. Emma Reising.

Four Leaf Clover.

A meeting of the Four Leaf Clover club was held yesterday with Mrs. Jacob Larson of West Second street. The afternoon was spent in sewing quilt blocks. Prizes went to Mrs. Ernest Eckstrom and Mrs. George Tennison. Refreshments were served. The next meeting will be held with Mrs. Eckstrom May 31.

The Invitation to the Tea.

Mrs. J. C. Long of Geneva has issued cards, bearing a fac-simile of her home reading "Will you come here on May the 12 near 2 o'clock and take a trip to Geneva under very favorable circumstances I hope. Mrs. Warden will bring on this joyous occasion and weak tea will be served with a chaste wafer, but the company will be the best ever." It is signed "Ti. Medora Long." Everybody knows Mrs. Long by the name "Medora." So much so that any number of letters reach Geneva addressed simply "Medora" and are always delivered.

Ladies' Enten Meet.

The Ladies' union of the New England Congregational church met yesterday in the church parlors. Luncheon was served at noon and in the afternoon there was an interesting

program on "Cuba and Porto Rico" with papers by Mrs. James McWethy and Mrs. H. P. Grimm. At the business meeting it was voted to send three delegates each month from the

society to the city missionary union meeting. Mrs. Bertha Todd Wilson was elected secretary and treasurer. For the social and aid department in place of Mrs. Henry Cheney.

Every woman who moves this spring will tell how clean she left the house she moved out of, and how dirty the house was that she moved into.

GOOD GETAWAY
FOR HOSPITALBig Banquet of Workers Is
Inspiring and \$10,000
Pledges Are Announced.

LIVELY AND SERIOUS TALKS

The opening gun in the Aurora hospital seven-day \$10,000 campaign was fired at a banquet of workers last night in G. A. R. hall. It was announced that \$10,000 of the fund had already been subscribed. The statement, made by E. T. Honey of New York, who with C. W. Lee is directing the campaign, evoked, loud cheers. Of the 300 workers lined up for the struggle for a great public institution, 185 were present last night, a remarkable night meeting, Mr. Honey said.

Most prominent in the upbuilding of Aurora and Mrs. J. T. Mason, who has striven for years to better the conditions of Aurora people in need, spoke at the banquet, urging the people to rally to the aid of the hospital. The indefatigable and stimulating P. G. Adamson, who has quit the office of his manufacturing plant to take command of the hospital workers' army, was the banquet toastmaster. He gave the necessary "shots in the arm" and got the campaign off to an inspiring start.

The hall was draped in American flags while the banquet tables were decorated with flags, red, white and blue ribbons and flowers. The dinner, a tempting feast, was served by Mrs. John Raymont.

The men were at tables on the east side of the hall and the women were seated on the west side.

Mr. Adamson first called upon E. J. Gunn, secretary of the T. M. C. A., to ask blessing. Mrs. Fletcher Royton, entertained with a number of songs, after which N. M. Hutchinson, president of the Aurora Hospital association, Mayor Harley, Mrs. Mason, William George, Miss Nettie B. Jordan, superintendent of the Aurora Hospital, spoke. Mr. Honey concluded the program with a talk in which he instructed the workers how to go about the soliciting of contributions.

Mr. Honey in beginning said jokingly that the speeches made by preceding speakers had been written by himself and mailed to them from Kansas City where he just concluded a similar campaign.

"If this meeting of 185 workers out of 200 on the first night," he said, "is an indication of the interest to be shown in the great work that we are about to start, we will have more than \$100,000 in the seven days. I congratulate you on your splendid

organization. This meeting establishes a record for first night meeting during my long experience. In this work and the proper spirit seems to be here."

Mr. Honey read a message from W. A. Bowen, whose work in this city four years ago for the hospital fund is well remembered. The message read: "Remember me to my friends in Aurora and tell them to be sure and put the job over."

"Now we want to send him a message on the seventh day and tell him we did it," Mr. Honey said, "Aurora, Ill., is on the map with its fine new hospital and service as is Wheeling, W. Va." This statement was emphasized when Miss Jordan said, "People from all over the country have been here to look over the Aurora hospital. People have even been sent here from the big hospitals in Chicago to look over our institution which shows that we are recognized as having one of the leading hospitals in the country."

In continuing, Mr. Honey said, "Some of your business and professional men will have to give up part of your time to this cause if we are to be successful in this move. What you lose in this work will come back to you one hundredfold. If you believe you are going to fail you will fail—if you believe you are going to win, you will win. In Wheeling, W. Va., we went out and raised \$87,000 in the last 24 hours of a campaign held there."

No Bachelor Complacent Success. One of the first shots fired after the speaking began was aimed at Bert Sawyer and Harry Cooper. Turning an accusing eye upon them, Toastmaster Adamson inquired if any one had ever learned of a bachelor making a complete success in his life. Everybody laughed, the bachelors blushed and the meeting tingled up generally.

Mr. Adamson complimented the women workers on being so well represented and on the preliminary work they had done. In introducing Mrs. J. T. Mason he referred to her as a woman who was always devoting her time in doing something for some one else, the mother of the old ladies' home, a woman who serves on a great many boards and committees and the mother of 23 children.

Of his pastor, the Rev. F. E. Brandt, he said, "Ladies and gentlemen, I am glad that there is one man that is not here tonight because he is so long winded and we have enough of that kind here now. Every Sunday morning in church when he is preaching his long services I have to leave my seat and walk down to the rear of the church and lean against a post to keep from going to sleep. I suppose that's why they say I am a pillar of the church."

Mr. Adamson told how one well-to-do man had been approached for a subscription and how he had refused to make a donation. The man had not been properly approached, Mr. Adamson said, and later when William George approached him from a different angle he was induced to sign a subscription for \$2,000. A solid silver cup is to be presented to the division bringing in the

most money and will be placed in the hospital with the names of the members engraved upon it. The general chairman said.

The captains will meet with their teams every morning and before the day's work of soliciting is begun, will talk over all matters of importance which may come up or matters which develop the day before and need immediate attention.

A list of 600 names was compiled for the workers to use in their work. Luncheon will be held daily at the headquarters from 12:30 o'clock until 1:10 o'clock for the workers.

Blue and white pennants with the words, "We're in" and red and white pennants bearing the same words will go to the women and men workers respectively, of the winning teams, each day. Last night two of the pennants were given to Messrs. Adamson and George.

Subscriptions payments are to be made in four installments as follows: June 1, 1917, Sept. 1, 1917, Dec. 1, 1917, and March 1, 1918.

Bigger Than Contemplated. N. M. Hutchinson said:

"We have no apology to make for the fine Aurora hospital building. It will meet the needs of the city for some time to come. Four years ago after the building was completed we were considerably in arrears. We knew this would be the case when we went ahead and knew that we would have to come back to the people."

"Now in addition to the funds needed to raise the indebtedness, it is necessary to create a sinking fund or endowment for the hospital."

"The value of the property of the association is not less than \$200,000. The indebtedness, including the accrued interest is \$100,000."

The capacity of the old hospital was 20 patients. Our present building will accommodate 90. We have already had as high as 68 patients at one time. If we had not built a four story building we would have reached our capacity by this time.

"We are very much gratified at the support the leading people of Aurora have given us. Of course, the human element is one that we will always have to deal with. Naturally we have made some mistakes. Yet I can say we have no apology to make."

Post Deficit to Get Efficiency.

Mrs. J. T. Mason said: "This is our hospital, our institution. We must put our shoulders to the wheel and make this campaign go. I doubt if a single person in Aurora would have curtailed the expenses of the hospital if it would have curtailed the efficiency of the building. Now we have a deficit to face and it will be real until work has entered this campaign to do the best they can. I believe the ladies and I think the men will work to the last minute."

Insurance for Public.

William George said: "We have got a job on our hands to put this hospital where it belongs in a financial way. Aurora has the reputation of being a complete, fairly symmetrical city. On this account, it is up to us to collect this fund and

pay the debt and establish our endowment fund. It should be pretty easy if we can get the people properly interested. It will be no trouble to get them to place their name on the dotted line. There is no one in this city who does not realize the value of this hospital. The benefits to every citizen are worth \$10 of his money. As a social insurance proposition it adds to the efficiency of every factory and mercantile house in this city. Giving money in this campaign is not an expense. It is an investment, part of the normal insurance every man should carry."

"We are now started in on the most perilous times the world has ever known. War is with us. This is a preparedness campaign. Three thousand men will probably leave Aurora in the next few months. Many of them will leave dependent families. The men will come back sick and maimed, and will want the service of this hospital. I do not think we are patriots, that we are true Americans, if we do not do the part in this campaign we have undertaken to do. Only hospitals of the character of our hospital are recognized by the national Red Cross association. We can't all go to war, but we can all help in the preparedness plan by getting this hospital equipped to do whatever may be necessary in the training of Red Cross nurses."

Aid to Child Life.

"There are many other things which might be cited as reasons for contributing to this fund as the relation of the hospital to the schools, the mothers' clinics, the preservation of child life and the scientific work of the hospital. There are such a host of absolutely good arguments that

you cannot fail to interest every person you call on if you persist. Persistence is the keynote of this whole campaign."

THE HOSPITAL CAMPAIGN.
Last night's rousing banquet opening the seven day campaign to raise \$100,000 for the Aurora City hospital shows the spirit of the people back of the movement.

Every minute of every working day is to be used by the campaign teams in reaching the goal. Judging Aurora's present performance by past experience, the hundred thousand dollars will not be lacking when the hands on the big clock in front of the headquarters on the island are turned for the last time of the closing day of the campaign.

That this hospital is filling a need night and day in this city is easily shown by the reports. Although much larger than it was originally intended to be the institution already is approaching its capacity.

But, as is usual with all public hospitals, the books do not balance. More money is spent than is taken in despite the careful figuring of the officials.

This deficit can be made up only by the contributions of the people.

It is a waste of time to argue the good or a hospital like this one; such institutions long ago proved their worth.

Now that we have spent our money in building and equipping this hospital, it should not be allowed to fall in its purpose for lack of further funds.

The Beacon-News is confident that the campaign will be carried thru to a successful conclusion.

THE MEAT QUESTION.
The Beacon-News has long held the opinion and frequently voiced it that meat production in this country will never be what it should be until our people are ready to give up roast young pig, veal stew and lamb chops.

It is as easy to prove this as to show that water will run down hill.

One of the most patriotic movements in the present famine fight in Illinois is that of W. Scott Matthews, a state official, to have boys and girls raise calves.

Matthews reports that 3,100 calves have been placed among the youngsters and that fifty banks in the state have called for nearly 5,000 more to be disposed of to the calf clubs. He is scouring Illinois and neighboring states for calves.

The American Newspaper Publishers' association, of which The Beacon-News is a member, at its recent annual meeting in New York city adopted a resolution calling for the publication of articles asking the farmers not to be attracted by the present high prices and to hold their young live stock on the farm in order that we may have later a suitable supply of meat.

This is a good idea, but along with it should go the suggestion that hotels, restaurants, clubs and families should be appealed to to bar real pig and lamb from their tables.

If people were not so willing to pay high prices for these delicacies, there would be no need to caution the farmers about selling.

When the government issues an order prohibiting the slaughter of animals under a certain age, then we will see the proper solution of this meat question.

A GOOD MEASURE.

Representative Milroy's amendment to the mother's pension law has been passed by the house and should be passed by the senate.

When the present law was framed, it was felt that many might take advantage of the pension who were not entitled to it. For this reason a paragraph was inserted that no mother could receive a pension while owning any real estate.

This provision has brought about considerable trouble. The death of a father calls for the selling of any little real estate he may have. In some cases the legal expenses connected with the sale eat up the value of the property.

Under the Milroy amendment the widow who holds an interest in such real estate to the value of not more than \$1,000 may receive a pension. This is as it should be. It enables the widowed mother to keep the home and still receive some aid from the state.

THE HAPPY WARRIORS.

When will the people take this war seriously? This question is being asked often enough in these days and the answer is just about as indefinite as it has been from the beginning.

The chances are that the people as a whole will never take it as seriously as many earnest enthusiasts believe they should—and the people may be right at that.

What regiment of Gloomy Gussies ever went into battle and won?

A writer in a recent issue of the Outlook tells of "England in Khaki." She describes her amazement at landing fresh from America in the tea room of the famous Adelphi hotel and finding British army officers taking tea with ladies in party gowns. There was a little suggestion of real battle in the old days of peaceful maneuvers at Aldershot.

EVENING CHIT-CHAT

(By RUTH CAMERON)

Why do things that other people do which don't really concern us sometimes bother us so much?

For instance, I have a friend who almost always takes a peek at the end of a book while she is reading it. Now of course that doesn't hurt me any—no skin on my nose as the saying goes—and yet it irritates me beyond words to have her do it.

She looks at the end of the story. It is such a foolish thing to do, such a pleasure-deceiving trick. Here she is reading the book for the sake of the development of the story (I know that all books are not read solely for that purpose but the ones she reads are) and she throws away all the element of surprise and mystery by looking at the end.

Again, it troubles me to see people who have machines and do not use them, except when every condition is just so. I do not refer to people whose going out would mean that I might go too. It would be obvious that I should mind their staying in. I mean people whose cars never have or never expect to be in. It is mad to see them spend hours polishing and fussing over their machines, when they might be out in the blessed sunshine.

A Mother Who Idealizes Her Favorite Child.

Again, I know a woman who has a very ordinary daughter. No, on second thought, I should not call her ordinary. I should call her extraordinarily lazy and selfish. Her father, who is a very good man, but her mother thinks she is a perfect paragon of all the virtues. And, I'm ashamed to say it but it's true—that irritates me. I even long to tell the mother some of the things I know about her daughter. Isn't that unappealingly mean? Of course, I shall never yield to the longing but it's there just the same.

What makes me feel that way?

I say "me" because I know from experience that I am not alone in this matter.

There are some people who are either self-centered enough, or philosophical enough, not to be troubled by what their neighbors do, but the most of us lie between these two extremes.

YOUR HEALTH

(By JOHN B. HUBER, A.M., M.D.)

Prevention is better than cure—and much cheaper.—John Locke.

Mumps.

This is an acute infectious, "catching" disease in which the parotid gland (just in front of and below the ear) is swollen and inflamed. The hatching period is about 14 days, during which the child may be slightly feverish and chilly by turns, have little appetite and be languorous. Then comes the invasion, with high fever, up to perhaps 103 degrees, headache and vomiting, and the swelling mentioned which lasts about a week, and which may interfere with chewing, swallowing and speaking. Often catarrh of the nose and throat occurs in this inflammation; and we have also to fear ear trouble, deafness, meningitis, joint and kidney inflammation. The generative organs in either sex are often times involved, making future sterility possible. Many people think the mumps a trifle, but no one can agree to this who considers the possible complications. Therefore a good family doctor should be in charge.

We isolate the child for two weeks, keep away visitors (the hands of the sickroom and the reason for many cases of prolonged sickness and unnecessarily added suffering), put the child on a liquid diet, start with 1-10 of a grain of calomel every hour until the bowels move freely, give (if necessary for pain or distress) one grain of phenacetin to an infant and two or three to a child every four hours, keep an ice bag or bellows-ice ointment over the swelling. If the nose is stopped up syringe it out with a solution of 1/2 teaspoonful of salt to the tumblerful of water as warm as can be borne.

QUESTIONS AND ANSWERS.

1. I am 56 years old. I lost the sight of my left eye by an incision made by a spike 20 years ago. Now I am losing the sight of my right eye. By reason, it seems, of a cataract. 1. How long does it take for the cataract to be ripe for removal? 2. Must there be total blindness at this time? 3. How long before the sight becomes renewed? 4. Does it ever fully come back?

Answer—1. A variable time—years generally. 2. Seldom total blindness. 3. It is removed by operation. 4. The cataract of itself causes blindness only by obstructing the vision. Total blindness is generally by atrophy of the optic nerve. 2. After operation for cataract smoked glasses must be worn for some weeks, in most cases. 4. The sight is greatly improved (not so good as before the cataract began to form). The injury you mention to the left eye may indicate a "sympathetic ophthalmia"—a very grave disease in the other eye, but this occurs some weeks after the injury to the stricken eye, such as you have mentioned. Besides, the trouble occurs most frequently in the young. I am inclined to think the right eye difficulty is due to cataract. Only by examination can a doctor be sure.

David Grier.

What is the cause of "dark circles under the eyes?" Answer—A dusky ring of the lids and under the eyes occurs in anemia (weakness of blood) or dark colored people; also after fatigue, mental excitement, loss of sleep, severe pain and during exhausting diseases. The kidney excretion should be examined. The trouble generally disappears on restoration to health and removal of the cause.

THE SEARCHLIGHT

A New Type of Fire Escape.

Unique fire escapes in the form of playground equipment have recently been installed by the schools of California. They consist of long sheet-metal chutes, reinforced with angle iron, which are attached securely to the sides of the building, and afford an excellent emergency exit as well as a means of amusement for the school children. The entrance to the chute is from a wide iron platform on the second floor, from which it extends in a spiral to the ground, and is guarded by a curved gate that checks the violence of the descent. A pile of sand is also placed at the bottom of each chute to lessen the danger of a possible fall. The children are encouraged to use the chutes for play at recess so that they will become accustomed to them.

Window Box Potatoes.

Now that potatoes are scarce, every bit of available space is being used in growing them. Already the women of the nation have worked out a scheme of growing seed potatoes in window boxes, thereby adding several dollars to the family income. When the housewife prepares her potatoes for the evening meal, she cuts a piece from the "nose" end of the potato off before peeling and plants it in the window box, which contains either leaf mold, coconut fiber or sand. Each piece, says one potato planter, should weigh not less than one and a half ounces, and the box should be kept in the window at a cool—but not too cool—room until the sprouts are from one-half to an inch high. Thus the housewife has a supply of seed potatoes, which are daily increasing in value.

resort hotel when the war broke out in August 1914. There were a few Americans there. Most of the guests were Canadians. There was little excitement. Bulletins were posted in the lobby as they were taken over the telephone from the newspaper offices in the little city across the bay. Even the city itself was undisturbed. There were some groups about the newspaper windows, but there was no big hurrahing.

Of course everyone said that Canada would get in to it at once and would stick until the end. Out of that little Canadian city a company of young men went to the trenches in Flanders followed by other young men. Most of them will never come back.

So long as human nature remains as it is men will go into war just as they have gone for hundreds of years, with a smile upon their faces and courage in their hearts.

Our hunch from Major Morant is that the new Hindenburg line runs from Arras to Waterloo.

Our New Wooden Fleet

(By Frederic J. Haskin).

Washington, D. C., May 1.—"If half the money spent on naval monstrosities had been spent in building a standardized type of merchant ship, we should have been in a much better position than we are today."

So declared Admiral Lord Beresford of the British navy a few weeks ago. Fortunately the United States is able to profit by England's mistakes in the early part of the war, and to direct its preparedness program accordingly. One of the first things we will have is the standard ship, and in order to get it we have as quickly as possible it is to be the wooden ship.

Ways for the first thousand wooden ships are already in process of building; large supplies of lumber are being assembled for work on the Pacific coast, and the shipbuilding industry of the United States is being stimulated by the government. Operating with the government is supplying 150,000 workers for the various shipbuilding concerns awarded the bids of these small wooden steamers.

Each ship is to be 2,000 tons, and is to cost \$100,000. It will be built of fir or pine; will use oil for fuel; will be mounted with wireless and guns. Thirty-five men will be required to man each ship. According to present estimates, the first delivery of these ships will be made not later than November 1, from which date they will be turned out at the rate of three a day until the first thousand have been completed. Whether any more are built or not will, of course, depend upon the extent of their success in combatting the enemy's submarines.

The most important and strategic move that the United States can make in the war at the present time is the constant shipment of food to the allies. The crux of the war situation is admitted to be food. French farmers have been unable to supply them with a large amount of food. This is impossible without ships. The American merchant marine, which, at the beginning of the war, carried about 8 per cent of our commerce, now carries about 13 per cent. The United States has a fleet of 100 ships, but only 10 are in service. The rest have been taken over by the government. The government has a fleet of 100 ships, but only 10 are in service. The rest have been taken over by the government.

As it happens, wooden shipbuilding is almost a lost art in America, where steel is taking the place of wood in all lines of building. So that the government has had to turn to the old-fashioned shipbuilders of the Pacific coast. The government has had to turn to the old-fashioned shipbuilders of the Pacific coast.

There is one other encouraging feature about our new wooden vessels, although the shipping board is not emphasizing it particularly just now. That is their use after the war is over in expanding American trade routes. Naturally the English are not very enthusiastic about the carrying of American goods to South America, Africa, Asia, and Australia. Neither is any other country. If we want foreign trade in bulk, we have got to carry it in our own ships, and in this these little wooden vessels will help.

In the meantime, the government is building a fleet of 100 ships, but only 10 are in service. The rest have been taken over by the government.

It was decided because most of our lumber is on the Pacific coast that

that was the place the ships should be built, and 75 per cent of the contracts have since been placed there. The trip from coast to coast when the vessel is finished will be an expense to the government, of course, but this will be more than discounted by loading it with cargo.

Contributing Services.
Mr. Eustis and Mr. Clark are now contributing their services to the government purely for patriotic reasons, the amount of their compensation being one dollar a year. The United States government can never accept the services of any person gratis.

The organization of a project for building a thousand ships is a tremendous undertaking, requiring an experienced administrative head, so Mr. Eustis suggested that the board appeal to General Goethals to take charge. In accordance with this suggestion, the president asked the general once more to enter the service of his country, and a few days later he accepted the position. He started his campaign of action. Although the morning after his arrival was Sunday, he was at his desk at an early hour making appointments with various officials who were in town awaiting a conference with the shipping board, and clearing up half his next day's work.

With a thousand wooden ships at its disposal, the United States may effectively run the German blockade. It is believed, and in any event the loss of one ship valued at not more than \$100,000, including cargo, would not set us back as much as the loss of a large vessel worth over a million dollars for ship alone. Then, too, by sending many of these wooden craft in various directions it is hoped to scatter the German submarine forces and render them less formidable.

Some enthusiasts have even declared that the enemy would not waste a torpedo on such a small vessel, but this statement is not substantiated. A modern torpedo costs only \$8,000—may be less than that when made by the Germans—and one of these vessels is worth \$100,000.

It is believed, and in any event the loss of one ship valued at not more than \$100,000, including cargo, would not set us back as much as the loss of a large vessel worth over a million dollars for ship alone. Then, too, by sending many of these wooden craft in various directions it is hoped to scatter the German submarine forces and render them less formidable.

Some enthusiasts have even declared that the enemy would not waste a torpedo on such a small vessel, but this statement is not substantiated. A modern torpedo costs only \$8,000—may be less than that when made by the Germans—and one of these vessels is worth \$100,000.

There is one other encouraging feature about our new wooden vessels, although the shipping board is not emphasizing it particularly just now. That is their use after the war is over in expanding American trade routes. Naturally the English are not very enthusiastic about the carrying of American goods to South America, Africa, Asia, and Australia. Neither is any other country. If we want foreign trade in bulk, we have got to carry it in our own ships, and in this these little wooden vessels will help.

In the meantime, the government is building a fleet of 100 ships, but only 10 are in service. The rest have been taken over by the government.

It was decided because most of our lumber is on the Pacific coast that

that was the place the ships should be built, and 75 per cent of the contracts have since been placed there. The trip from coast to coast when the vessel is finished will be an expense to the government, of course, but this will be more than discounted by loading it with cargo.

Contributing Services.
Mr. Eustis and Mr. Clark are now contributing their services to the government purely for patriotic reasons, the amount of their compensation being one dollar a year. The United States government can never accept the services of any person gratis.

The organization of a project for building a thousand ships is a tremendous undertaking, requiring an experienced administrative head, so Mr. Eustis suggested that the board appeal to General Goethals to take charge. In accordance with this suggestion, the president asked the general once more to enter the service of his country, and a few days later he accepted the position. He started his campaign of action. Although the morning after his arrival was Sunday, he was at his desk at an early hour making appointments with various officials who were in town awaiting a conference with the shipping board, and clearing up half his next day's work.

With a thousand wooden ships at its disposal, the United States may effectively run the German blockade. Clear your complexion completely with Resinol Soap

If you find yourself "left out" because of a poor skin, and want a clear, fresh complexion, use Resinol Soap at least once a day. Wash thoroughly with a warm, creamy lather of it, then rinse the face with plenty of cold water. It does not often take many days of such regular care with Resinol Soap to show an improvement. In severe cases, a little Resinol Ointment should be used at first. All druggists sell Resinol Soap and Ointment.

Vinol is a constitutional remedy with its formula on every bottle. It creates an appetite, aids digestion and makes pure, healthy blood. Try it on our guarantee. L. N. Benton, druggist, Harrison pharmacy.

ATTEMPTS SUICIDE IN CITY JAIL CELL

John Grieger Found by Jailor at Midnight Trying to Drown Himself

Turns on Water in Drain Pipe and Kneels in Hot-Flush Stream in Attempt

John Grieger, 45 years old who is believed to be insane, last night tried to drown himself in a cell in the city jail. He was found at midnight by jailer holding kneeling in water six inches deep on the floor of his cell. He had removed all of his clothing and was praying that he would drown.

It was after the jailer had made his rounds at 9 o'clock that Grieger removed all of his clothing and put it in the drain pipe. Then he turned on the water and knelt over the floor to wait for the water to rise high enough to cover him.

The water flowed from Grieger's cell into the one adjoining and the prisoner in the latter woke up. He yelled at top of his voice until the night sergeant and the jailer heard him. He then went to Grieger's cell and found him kneeling in the water.

Grieger was taken into custody yesterday afternoon. Relatives said that they fear he is going insane. He was taken suddenly ill at the home of his mother and father, Tuesday afternoon and fell, dislocating his jaw. He was taken to St. Charles hospital in the police ambulance but recovered and was released Wednesday.

A commission of physicians will examine Grieger before County Judge Hoover at 7:30 o'clock this evening. If found insane he will be sent to the Elgin asylum.

Obituary

Peter Schmitt, age 71 years and eight months, father of John M. Schmitt, well known Broadway dealer, died at his home at Benton street and Baxter place this morning at 3 o'clock after a lingering illness.

Deceased was one of Aurora's well known German-American residents. He was born in Oberehnen, Rhine province, Prussia, Aug. 24, 1845, and in 1864 he was married to Johanna Helms in Germany. Mr. Schmitt came to America in 1868, coming to Aurora where he has since made his home. Two sons and one daughter are left to mourn the loss. They are John M. Schmitt, Casper Schmitt and Mrs. Peter Schmitt, all of Aurora.

The funeral will be held from the home of the son, John M. Schmitt, 308 Main street, Sunday afternoon at 3 o'clock and at 1:30 o'clock from the St. Joseph's church. Interment will be in St. Joseph's cemetery.

Mrs. Rose Hoffman, age 58 years, of Big Woods, died at St. Joseph hospital last night at 6 o'clock. She is survived by her husband, George J. Hoffman, two sons, Walter and Harold, her mother, Mrs. Elizabeth Hoffman, three sisters, Mrs. Veronica Wampach, and the Misses Margaret and Susan Hoffman, and three brothers, Charles, Louis and Anthony Hoffman.

The funeral will be held from the home of the son, Walter Hoffman, at 1:30 o'clock and at 1:30 o'clock from the St. Joseph's church. Interment will be in St. Joseph's cemetery.

Catherine Franzen, wife of the late Henry Franzen, died this morning at 5:20 o'clock at the home of

her son, Nick Franzen, 418 North Broadway, of general debility.

Mrs. Franzen was born June 12, 1845, in Oshkosh, Wisconsin, and came to this country in 1903 with her four sons, the daughters and husband already being here. Her husband died 28 years ago.

She leaves five daughters and four sons, Mrs. Mathew Schmitt, Chicago; Mrs. Mathew Schmitt, Marengo; Mrs. John P. Hoffmann, Oshkosh, Wis.; Mrs. Joseph Hoffman, Oshkosh, Wis.; Mrs. Anthony Hoffman, Oshkosh, Wis.; and Nickolas, Mathew, Michael and John Franzen, all of Aurora. She also leaves 42 grandchildren and three great-grandchildren.

The funeral will be held Monday morning at 9 o'clock from the home and at 9:30 from the St. Joseph's church. Interment will take place in St. Joseph's cemetery.

Is Believed Demented—Harry Perry, 20 years old, a hunchback, who has been a shoe shiner here for the past 15 years, was taken into custody last night on complaint of relatives. It is believed that his mind is demented. He will be examined before a commission of physicians tonight.

CORTLAND GIRL HURT IN UNUSUAL ACCIDENT

Miss Irene Selgren of Cortland, while alighting from a DeKalb bound Aurora car at her home town Wednesday afternoon, caught a ring on her left hand in some way on the car door.

As she leaped from the car she hung a few seconds by the finger, the ring cutting and tearing the flesh and even scraping the bone be-

fore she was able to extricate herself. The finger was in such condition that the girl was placed on the same car and rushed to DeKalb where a physician got the ring off the mangled finger and sewed up the torn flesh. It is hoped the finger will be saved from amputation.

IN THE FIELD OF SPORTS

BRUINS TURN ON
CINCINNATI REDS

Mike Prendergast Goes to
Mound and Wins His First
Game of Season.

After Being Held Without Hit or
Run Wednesday, Cubs
Win 10 to 5.

Chicago, May 4.—Following their record
ball game of Wednesday, Cubs and Reds
went upon the field at Wrigleyman park
yesterday and played a game of base hits
and errors and homers and the Cubs came
thru the middle grasping a victory by a
count of 10 to 5.

It was almost as big a game as could
be played and a bigger crowd than saw
the record battle was on hand expecting
great things. All the fans got was a
lot of base hits and one huge laugh at
little Mr. Cuto of Cuba, who is smiting
up capers as a regular outfielder in the
major league.

Mr. Cuto's stunt was the only feature
of the game and it may be a major league
record, too. At least none of the old
time fans ever saw it executed and Cuto
is a lucky little fellow that he didn't
get his skull cracked.

Score by innings:
Chicago.....0 1 2 2 0 0 0 0 10
Cincinnati.....0 1 0 0 0 0 0 0 5

Two-base hits—Weaver, Prendergast.
Struck out—Prendergast (Perry).
Perry—3 (Williams, Wilson, Walter).
Bases on balls—King, 1; Perry, 2. Hit-
ting, 7 in 4 innings. Time—2:05. Ump-
ires—Heller and Orth.

CICERO PAIR TAKE THE
LEAD IN STATE MEET

Chicago, May 4.—Edward Kouba and
Frank Pitta from the Central league
Cicero, with a grand total of 1202, rolled
into first place in the two-men event of
the Illinois state bowling tournament at
the Randolph alleys last night. The other
leaders were not disturbed. Kouba did
the heavy work with 611, against 252 for
his mate. Rudnick and Behrman of the
Bergs on the Lawrence avenue circuit ran
second for the night with 1154.

A. Peterson of the Samuelson league
was top man in singles with 610. He was
followed by A. Morgan of Bruck's An-
dersons with 609. Charley Hlava, from the
Central, pounded the pins for 601.

Leo XIII, Council of the Knights of
Columbus league made 246 for the high-
est team score, while the Cicero Clothing
company of the Central league ran up
2700. The Kieker Plumber, city cham-
pions, with Otto Froehnow setting the
pace with 605, totaled 2028.

HOLD DANNY SHAY FOR
SLAYING A WAITER

Indianapolis, Ind., May 4.—Danny Shay,
manager of the Milwaukee baseball team,
who last night shot and fatally wounded
Clarence Powell, a negro waiter in a hotel
here, in an argument over a supper
bill, is being held in jail. The negro
was taken to a hospital, where he died
a short time later. The police are seek-
ing a woman companion who is said to
have been with Shay at the time of the
shooting.

EIGHTEEN TEAMS FOR
CITY BOWLING MEET

The entry list for the city tenpin closed
last night with 18 eleven teams entered.
The list includes practically all the
league bowlers of the city and a few un-
attached bowlers. The teams that entered
are the Cherry Reds, the Boys, El Rol
Team, Sylvanville, Cadillac, Country Club,
Kramer's Never Was, Co-Operative Lau-
dry, Beraper Works, Phonics, Quakers, Hip-
pocampus, National Line, Quakers, Hip-
pocampus, the Elks and The Beacon-News.
The list of entries for the singles and
doubles follows closely the five. There
were about 20 double pairs to shoot and
some 50 individuals.

RISBERG'S FUMBLE
COSTS HOSE GAME

Cleveland Gets Two Runs in
Ninth Inning and Wins
Battle 2 to 1.

Cleotie Heflyves Jim Scott and
Wildness Help Indians
Win.

Cleveland, Ohio, May 4.—Clarence Dow-
land's White Sox could not hit yesterday.
Neither could they field with consistency.
The former accounts for their being able
in the run column, and the latter for the
fact the Indians were able to break loose
in the ninth, score two runs and win
the second of the set, 2 to 1.

Swede Risberg was the most responsible
for the defeat. He was wabbling all af-
ternoon, but until the ninth escaped a
real error. Then he fumbled a grounder
to open the round. A few moments later
he failed to handle cleanly a blow that
should have ended the game with a force
play at second. This fumble led the ty-
ing run score. Jim Scott then filled the
bases, and Eddie Cleotie relieved him only
to hand out a base on balls and force in
the winning run.

Score by innings:
Chicago.....1 0 0 0 0 0 0 0 1
Cleveland.....0 0 0 0 0 0 0 0 2

SAYS THE KAISER IS RUNNING WILD

Would Force Ways Upon World,
Aurora Pastor, Who Would
Follow Roosevelt, Asserts.

The Rev. George McGinnis of Aurora, superintendent of the northern district of the Anti-Saloon League of Illinois, applied to Col. Theodore Roosevelt for a place as chaplain in his proposed division for Europe. He has received the following reply from Colonel Roosevelt's secretary:

"I beg to acknowledge receipt of your letter of April 12, referring to a chaplaincy in Colonel Roosevelt's proposed military organization.

"Your application will be placed on file and later on, when the situation permits, will be taken up for consideration."

The Reverend Mr. McGinnis has written the following letter to The Beacon-News:

"Upon my return from Rockford Monday night, my family called my attention to a statement in The Beacon-News in which you stated that I had applied to go with the Roosevelt division of the United States army to Europe. So many friends have questioned me regarding it since the appearance of that statement that I wish to explain.

"I wrote Colonel Roosevelt asking for the chaplaincy of a regiment in the division which he expects to lead to Europe. I am not a soldier, but a peace-loving citizen. I am for peace at any price and that price just now is 'war.' War is the business of barbarians but war is not the business of Americans. However, the American people mean business when they go to war, as other nations can testify. We expend on our army, navy, forts and arsenals no more money than is absolutely necessary for national defense.

"The Kaiser of Germany has started to Germanize the whole world. He imagines that all the culture, music, science and military power in the world is centered in Germany. He thinks that wisdom will die with him. God has ordained that the Anglo-Saxon race shall rule the world because beneath their flags are to be found civil and religious liberty, where every man can sit beneath his own vine and fig tree and work out his own destiny provided he obeys the law. The Anglo-Saxon people carries three books that rule in this world. They are the 'Bible,' the 'Book of Commerce,' and the 'Book of Education.' Education, commerce and religion is the tripod of civilized life.

"When German people flee from the fatherland to locate elsewhere in the world and escape the tyranny of the Kaiser, they are not to be despised. The principal constituents of German colonies are the natives and those Germans who hold official position, are in the army, or are conducting some business enterprise. Even the Germans, themselves, do not like the rule of the Kaiser. They should be should that imperialism be saddled upon the world?

"One of old in the Good Book is thankful that God taught his hands to war and fingers to fight. God demanded of the Hebrew people when they entered Palestine to utterly exterminate the inhabitants because of the corrupting influence they would have upon God's chosen people. They failed to do what God commanded and as a result, made shipwreck of their national life.

"It is a mistaken notion that Jesus was a pacifist. When taken by His enemies at Nazareth to a brow of a hill over which they expected to throw Him and thus take His life, we are told He 'passed thru their midst.' Since Jesus did not use His miraculous power at any time for His own benefit, we can only conclude that He passed thru their midst like a center football rush, hurling those men right and left. Jesus was not a weak, timid, sickly, effeminate man. A man with His pure ancestry and a life without dissipation of any kind, must have had excellent health and a constitution. No man could have endured those days of toil and nights of prayer without excellent health.

"When Jesus found the money-changers and those who sold doves and cattle for sacrifice, desecrating the temple, He immediately became a militant and manufactured a weapon with which He drove them out of the temple.

"It is absurd for men to imagine

that a Christian minister will lie down supinely and permit a military bully to lord it over humanity with a rod of iron. England has hundreds of thousands of natives in her colonies, fighting beneath the Union Jack. They love her and fight for her because she respects their liberties and is willing to deal justly with all peoples. If Germany has any of the natives of her colonies fighting for their fatherland, I have failed to hear of them.

"I believe that we are fighting a war against war, and that universal peace will come after this world-wide conflict ceases. It may result in St. Helena for the Kaiser, but who cares. I have written you thus fully in order to defend my attitude in offering myself for the conflict.

"Very sincerely yours,

"GEORGE MCGINNIS"

U. S. IN WAR CAUSES DOUBT AMONG GERMANS

Washington, May 4.—Take Jonesco, the Roumanian statesman, in a statement cabled to the state department by the American legation at Jassy predicted the effect of the United States entrance into the war would be to cause doubt in the minds of the German people that they are waging "a war of defense against their neighbors."

To Overcome Eczema

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying a little zemo furnished by any druggist for 25c or \$1. Healing begins the moment zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, black heads and similar skin diseases will be removed. For clearing the skin and making it vigorously healthy, always use zemo, a penetrating, antiseptic liquid. It is not a greasy salve. It does not stain. When others fail it is the one dependable treatment for skin troubles.

Cocoon Oil Makes A Splendid Shampoo

If you want to keep your hair in good condition, be careful what you wash it with. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulitified cocoon oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing. As this can't possibly injure the hair, simply moisten your hair with water and rub it in. One or two tea-spoonfuls will make an abundance of rich creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulitified cocoon oil at most any drug store. It is very cheap, and a few ounces is enough to last anyone in the family for months.

Snake Oil

Will Positively Relieve Pain in Three Minutes.

It is right now for Rheumatism, Neuralgia, Lumbago, sore, stiff and swollen joints, pains in the head, back and limbs, corns, bunions, etc. After one application pain disappears as if by magic.

A never failing remedy used internally and externally for Coughs, Colds, Croup, Sore Throat, Diphtheria and Gonorrhea. This oil is conceded to be the most penetrating remedy known. Its prompt and immediate effect in relieving pain is due to the fact that it penetrates to the affected parts at once. As an illustration, pour ten drops on the thickest piece of sole leather, and it will penetrate this substance through and through in three minutes. Accept no substitute. This great oil is golden red color only. Every bottle guaranteed or money refunded. 25c, 50c and \$1 a bottle. F. G. Harris Drug Co., Aurora.—Adv.

A Sale That Shall Eclipse All Buying Records of Time Walk-Overs Below Wholesale Cost

Existing Conditions Emphasize the Double Importance of Immediate Action
(By JOE REISING)

A shoe sale is in wonderful progress—a sale of momentous interest to the masses, made so by the trend of values in a constantly rising market. Do you fully appreciate what it means to you and yours, by the double savings made possible through a shrewd purchase of this stock? Do you realize the momentous significance of the event, which offers now, in times of somewhat doubtful values, the same sterling qualities that the public has become accustomed to by years of association with the world's great trade name and mark of character, as applied to footwear—Walk-Over?

The one big point to bear in mind in connection with this sale is that prices have been reduced from the old and comparatively low figures of a year ago—when big orders were placed by Walk-Over store in anticipation of just such conditions as we face right now.

This means that the sale prices in force here are greatly below the present scale of the wholesale market, while other and smaller stores are forced to command the higher costs in proportion to advances in recent purchases.

In absolute justice to the pocketbook, every citizen in this great community is duty bound to take advantage of this supreme opportunity for individual profit. With other necessities of life priced so high, war times

necessitating the most frugal measures at all points in our daily life, no thrifty person can afford to overlook such genuine bargains as this sale affords.

This is no time for delay, surely folly to ponder too long over so vital a question as footwear. When you know that prices are destined to advance to a still higher plane, the good judgment of every man and woman who reads these lines must compel immediate action.

The big stock is still complete. Great varieties in shoes, oxfords and slippers for all. Just the styles you want, in suitable models for dress, work and play.

Tomorrow will be a great selling day, so the earlier you shop the better service will be in a position to render. Whatever you do, come!

PLANO YOUTH BADLY HURT IN AUTO CRASH

Clifford Glais Sustains Painful Hurts When Machine Collides With Gate.

Accident at Spring Lake Cemetery—Crawls From Wreckage and Walks to City.

Clifford Glais, 29 years old, of Plano had his right ear badly torn and sustained a deep gash in the back of his head last night shortly before 11 o'clock when his automobile crashed into the LaSalle street gate of the Spring Lake cemetery. He says that the axle of his machine broke as he was turning from LaSalle street to go west to the river road and that his car skidded into the fence.

After crawling out from the wreck-

age Glais, covered with blood, staggered to the home of Lee Hickles, in LaSalle street. He telephoned a friend and then walked back to the business district. "The axle is broke and both wheels are off," Glais said over the phone. "Never mind sending the ambulance, I have lost a lot of blood but my father was a soldier and I can walk back up town."

Glais was cared for by Dr. J. W. MacDonald and returned to his home in Plano today. It was believed last night that he drove heading into the cemetery gate, believing that he was on South Lincoln avenue road, which passes the cemetery. LaSalle street ends at the cemetery gate.

FORMER SUGAR GROVE MAN HURT IN IOWA ACCIDENT

Sugar Grove, Ill., May 4.—Hert Brackett was badly hurt at Des Moines, Iowa, Tuesday when a fast train hit his automobile. Brackett was a Sugar Grove boy and lived in this vicinity until a few years ago when he moved to Ames, Iowa, that city being his home now.

Monday afternoon, with his wife he went to Des Moines to attend a meeting to be held Tuesday. They stayed at a hotel, leaving the car at a garage. Tuesday morning Mr. Brackett went for the auto. To return to the hotel for Mrs. Brackett he had to cross a railroad track. The gates were down but the gatesmen lifted them for him to cross. Just as he got on the rails a fast train struck the auto. The car was badly damaged.

Mr. Brackett's left leg was broken twice, his right ankle injured, a deep gash was cut in the back of his head, his nose was broken and he was badly bruised. He did not lose consciousness, told his name and where to find his wife. His sister, Mrs. Alice Harvey, last Friday to visit him.

Law Judd is slowly improving. Mrs. Charles Zeller was an Aurora visitor Wednesday.

School election will be held in the Tennyson district one week from Saturday evening.

The Boy Scouts of Sugar Grove took their lunch and went to the woods Thursday.

Mr. and Mrs. W. W. Myers who have spent the winter in Florida returned home Tuesday.

Mrs. Emma Van Scholack spent Tuesday with Mrs. Vera Valentine in Aurora. Mrs. Van Scholack is now working in Aurora.

Mrs. W. S. Landers who came from Holland some years ago has nine brothers enlisted in the border regiment. This week she received word the youngest was badly wounded.

Clarence Bolster had his hand badly hurt last Saturday. While grinding food his left hand caught in the machinery. The ends were taken from the three fingers almost to the first joint.

The Garden club met at the church Thursday and cleaned the yard and plowed the lot back of the church and will plant potatoes in a short time. Picnic lunch was served at Mrs. Van Scholack's.

Resume German Wells. [By Associated Press Leased Wire.] Copenhagen, via London, May 4.—Full newspaper and postal service from Germany was resumed last night. This indicates that the necessity for special secrecy for military reasons or in view of the labor situation, has passed.

TARNOW SAILS

[By Associated Press Leased Wire.] New York, May 4.—Count Adam Tarnowski von Tarnow, who was sent to this country to succeed Dr. Dumba as the Austrian ambassador, but who was never received by the state department, with members of the embassy, Austrian consuls and others sailed for Austria today via Holland.

New Dentist Moves Home

[By Associated Press Leased Wire.] Decatur, Ill., May 3.—Delegations from all parts of the state are present at the dedication of the new \$50,000 Moore home at Decatur today. Among the cities represented are Aurora, Chicago, Springfield, Bloomington, Champaign, Moline, Morrisville, Pana, Ottawa, Joliet, Elgin, Monticello, Rockford, Clinton and other cities.

The exercises were opened with a flag raising at which Admiral C. B. Moore, retired, spoke.

'WAKE-UP-GENEVA' PROGRAM TONIGHT

Big Patriotic Parade to Be Followed by Mass Meeting at the City Auditorium.

R. R. Fauntleroy to Preside—Attorney Frank Joslyn of Elgin Will Speak.

Geneva, Ill., May 4.—The "Wake up Geneva" patriotic demonstration to be held this evening, promises to be the biggest affair of the kind in this vicinity.

The speakers will be Rodney Brandon of Mooseheart and Former State's Attorney Frank Joslyn, both orators of ability who will tell their hearers of the tremendous necessity for all to arm or farm.

There will be a street parade at 7 o'clock. The parade will form in Third street and march north to State street, west to Sixth, countermarch east to First street, and then south to the city auditorium.

In the parade will be the Aurora G. A. R. file and drum corps, composed of men who played on the battlefields of the war of 1861-65; the Mooseheart boys' band, Geneva high school cadets, teachers, pupils, Boy Scouts, fraternal societies, citizens, city officials and the newly elected city officials, the Geneva Post G. A. R., the W. R. C. and citizens in automobiles.

R. R. Fauntleroy, manufacturer and president of the Geneva school board, will be chairman of the public meeting to be held in the city auditorium.

The invocation will be by the Rev. D. J. Nordling.

"The object and needs of the high school cadets and the equipping of the new gymnasium will be the subject of R. R. Fauntleroy.

There will be music by the Mooseheart boys' band and songs by a quartet.

—Bird Contest.

The public library has started a contest in which school pupils know the most birds.

Twice each week on Wednesday and Saturday, a stuffed bird is put into a small glass case on one of the tables.

It's Easy to Peel Off All Your Freckles

The contrast between the freckles and the clear skin usually is so great that no person can be more than partially successful in obliterating the pigmentation. Ordinary mercuric cream is far better. It literally peels off the freckles. Get a ounce of it at the nearest drugstore and tonight spread on enough to completely cover your face. Remove in the morning with warm water. Repeat daily until every freckle has disappeared.

Rough, blotchy, pimply skin, also common at this season, may be entirely gotten rid of by this same method, without discomfort or inconvenience. The effort is decidedly worth while, the new complexion obtained being so clear, smooth and youthful.

If bothered with wrinkles or crow's feet, bathe the face in a lotion made by dissolving an ounce of powdered ascorbic acid in a half pint of witch hazel. This is the most effective and quickest-acting wrinkle treatment known. It is perfectly harmless.

and all the children who know, or can find out, give the name of the bird full in the printed blanks, also the name of the school and the pupil's name.

Those who guess correctly will find their names on the lists on the bulletin board in the children's room.

All invited to enter this contest and help make a bird record for his school.

The high school building is leading in the contest this week.

Parent-Teachers Elect.

The Geneva Parent-Teachers' Association held its annual election yesterday afternoon at a meeting in the new grade school building. The officers elected were as follows:

President—Mrs. Harriette K. T. Warner.

Vice president—Miss Leonora Ellis, teacher.

Secretary—Miss Helen Alexander, teacher.

Treasurer—Mrs. Simon Henriksen.

The members of the club attended the school while it was in session and got first hand information about the work. They also witnessed exhibitions of supervised playing. Words of warm commendation followed the inspection.

Johna United States Cavalry.

Clifford Dahlquist, son of Mr. and Mrs. Otto Dahlquist, of First street, sent word to his parents yesterday that he has enlisted in the United States Cavalry. Dahlquist was employed at the Ekdahl news stand and several days ago resigned. He did not tell anyone of his plans to enlist, as he wanted to be accepted before announcing it.

Social and Personal.

Mrs. Myrtle Lindo Abrahamson, who was an April bride, was the victim of a surprise shower last evening at her home in St. Charles when 10 girls of Geneva and St. Charles called on her. Mrs. Lindo Abrahamson was

presented a set of dishes. The Philatheta girls will be entertained Tuesday evening, May 8, at a "hard times" party at the home of Mrs. Thomas Swann. Don't forget to bring your quarters. Every member is urged to attend.

Grand theater, Geneva, tonight, Sessue Hayakawa, the famous Japanese actor, in "The Honorable Friend."

GASOLINE WRECK ON "J" IS A BOON TO AUTOISTS

TANK OF PRECIOUS FLUID FOURS OVER GROUND — HELP THEMSELVES.

West Chicago, May 4.—A number of automobile owners living near the E. J. & E. railroad at the southern limits of this city will not be buying any gasoline for some time to come as a result of a wreck on that line Sunday morning in which a tank car of gasoline, among others, was ditched. The fuel was pouring out of the opened seams of the tank as it lay in the ditch. The news spread

like wildfire and for several hours the precious fluid was carried away in pails, milk cans and other containers in great quantities. One man is said to have secured about 300 gallons of gasoline; that otherwise would have been wasted.

A broken axle on a car of machinery is thought to have caused the smashup, which occurred at about 9:30 a. m. in the vicinity of the dog farm. Four cars were ditched and one derailed. One car contained gasoline, one automobiles, one merchandise and two machinery. It was 5 p. m. before traffic was resumed.

Notice.

The Congregational church at Elburn, Ill., invites reliable contractors to bid on the construction of its new building. Blue prints now ready. Bids will be opened May 16. Work to be begun by May 28. Address Rev. J. A. Cole, Elburn, Ill.

RETURN ENGAGEMENT!

BY POPULAR DEMAND

FOX THEATRE 2-Nights-2

Tuesday and Wednesday Nights, May-8-9

The return engagement of "Experience" to Aurora will be a notable event as special arrangements have been made to have the famous New York-Boston Experience company appear. This organization played New York nine months, and Boston five months. The New York-Boston "Experience" company is now returning on its first transcontinental tour from long runs in Los Angeles and San Francisco and has from the Atlantic to the Pacific ocean only played in the largest cities of this country.

Film Stars

GEORGE WALSH
Mr. Walsh is at the Strand theater in **"High Finance."**

Ruth Stonehouse, the little actress-director, delights in working with children, and is never so happy as when there are little ones in her productions. Elizabeth James and Lena Baskette are appearing with her in her current production, **"A Lovable Thief"** and Miss Stonehouse says that they are ideal to work with because they never try to "act."

Movie Notes

Pearl White, a favorite of Star theater patrons is at the Star today in the picture play serial, **"Pearl of the Army."**

Movies Director Henry McRae has nearly completed a two-reel comedy entitled, **"Dropped From the Clouds,"** the scenes of which are laid in the west, until the cowboys who figure largely in the story, drop into a Turkish harem.

"A Ragtime Riot" is the title of the latest comedy made by the Nestor comedians, Eddie Lyons and Leo Moran, with Edith Roberts in their support.

The Universal Joker comedy has finished its burlesque called, **"Twenty Thousand Legs Under the Sea,"** and they are now working on another comedy, in one reel, which is all about a janitor, and features Gale Henry and William Franey.

HOOD TIRE CO. INC. WATERTOWN, MASS.

AFTER an experience with many makes we have selected Hood Tires as most worthy of the confidence of our patrons.

In placing our unqualified endorsement on Hood Tires we are firm in our belief that there is no better tire made—that there is no tire which will give such long and satisfactory service.

Hood Tires make no attempt to "compete" with other tires. They are built differently, much stronger, with better fabric, more plies of fabric, more and better rubber.

Our selection of Hood Tires is in keeping with our earnest desire to assist you in every possible way by carrying in stock only the most reputable and reliable accessories.

For the convenience of our customers, we operate three service cars, which make free deliveries of tires, tubes, and other supplies within a radius of five miles.

Says Joe Frey:

The advertisement wherein I compared myself to Charlie Chaplin caused comment, which came to my ears.

An Aurora merchant told me that I had my nerve to compare myself to a big fellow like Charlie, but—

My point of view is this:

Every big man has a specialty in which he is superior to others, that's what makes him big. Now I never made claim to being a statesman, a financier or even a movie star, but I do maintain that I stand at the head of the list in my line of merchandising. The enormous business I've built up during a quarter century is conclusive proof of my contention.

I think that every man wants to trade where he is sure to get full value for his money, where he receives courteous treatment and his patronage is appreciated.

My establishment is conducted exactly on this basic policy—the square deal is law. It sure will pay the readers of my advertisements to supply their wants in wines, liquors and beer at my store and don't you forget it.

For the benefit of those who may not know, the door opens at 55 South Broadway, City of Lights.
